Experience

Junior Developer, Active Engagement

January 2022 — Present

Developer Intern, Active Engagement

September 2021 — December 2021

During my time as an intern at Active Engagement, I was exposed to a wide variety of modern web technologies and programming languages because of the needs of the business. I developed lightning web components, scheduled job tasks with Apex, and refactored a laravel php application.

Skills

JavaScript
PHP
Laravel
HTML
CSS
Tailwind CSS
React.js
MySQL
Git
Lightning Web Components

Education

Bachelor of Science, Liberty University

2018 — 2021
