Experience

Software Developer Intern, Active Engagement

September 2021 — Present

At Active Engagement I am currently developing Lightning Web Components for our salesforce org, that often make requests to our server. These components range from validating our client's domain records to converting an array of JSON objects into a table.

Bottling Line Operator, Catoctin Creek Distillery

May 2021 — September 2021

Perform various duties regarding bottling many of the different distilled liquors including whiskey and gin. Duties include filling the bottles, inspecting the bottles for any debris, labeling the bottles, and packaging the bottles.

Awards

Eagle Scout, Boy Scouts of America
